Backstage Angels Needed!

Classes with younger dancers need Backstage Angels for supervision.

Don't miss this chance to share a magical backstage experience with your young dancer and get great "*behind the scenes*" photos!

You will be able to watch their performance on stage from the wings.

There will be a Backstage Angel meeting at the studio on the same day as the studio run-through. You'll get all the information you need to have a great Backstage Angel experience.

To sign up, complete and submit this form to the studio office.

Please contact the studio if you have any questions.
